Sir:

Pursuant to 37 C.F.R. §§ 1.56 and 1.97(b), applicant brings to the attention of the Examiner the documents listed on the attached PTO 1449 and respectfully requests that the listed documents be considered by the Examiner and made of record in the above-captioned application. These documents were cited in the International Search Report on priority application. U.S. patent application publication cited on the attached PTO Form 1449 is not being submitted pursuant to the July 11, 2003 waiver of 37 C.F.R. §1.198(a)(2)(i) by the Patent Office. An English translation of the article is not readily available.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that the listed documents are material or constitute "prior art." If the Examiner applies the documents as prior art against any claim in the application and applicants determine that the cited documents do not constitute "prior art" under United States law, applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of the documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should the documents be applied against the claims of the present application.

Applicant does not believe that any fee is required in connection with the submission of this document. However, should any fee be required, the Commissioner is hereby authorized to charge any such fee or credit or any overpayments made, to Deposit Account 02-4377. Duplicate copies of this sheet are enclosed.

Respectfully submitted,

Dated
